

Introduction

Metex Metal Expansion Factory is part of Al Waseef Industries Group of Companies. The Group has diverse business portfolios with branches in Dubai, U.A.E. and across the G.C.C.

About Metex

Metex Metal Expansion Factory, (ISO certified - ISO 9001:2015), is engaged in manufacturing of industrial products like expanded metals, reinforcement items, suspension systems, drywall partitions and ceiling systems since 1997. Metex products are made as per BS Standards, and they are well known in the UAE and MENA markets for superior quality. Metex products are also certified by world renowned institutions like DAR, TUV, BM TRADA, UKAS etc.

Operating from a purposely built manufacturing plant in Dubai U.A.E., Metex and the Group are committed to the provision of high standards of service, quality, innovation and professional expertise, guaranteeing satisfaction to build long term business relationship based on mutual benefit both for ourselves and our customers. Whilst there are other competitors offering similar products and services, we believe that we are always unrivaled in our desire to be consistent.
